LED VANITY FIXTURE

WALL SCONCE

FEATURES

Our bath vanity light is an excellent choice for bathroom/ lavatories, over hospital beds, hallways/ corridors stairways and utility areas. The sleek and stylish light is energy efficient featuring an acrylic diffuser and brushed nickel finish. This fixture can be mounted vertically or horizontally and is CCT adjustable using a simple switch, which is found on the LED chip-board. Aside from having the option to choose different color temperatures, the LED Vanity lights can also be dimmed to create the perfect atmosphere that compliments your mood and time of day, with a 120 degree of a beam angle.
